Milieu-informatie (KB 19/03/2004): www.nl.ford.be/milieu.

Brandstofverbruik, CO₂-uitstoot en (elektrisch) rijbereik/actieradius van het voertuig worden gemeten en gehomologeerd conform WLTP. Optionele uitrustingen, de rijstijl, de verkeersomstandigheden of omgevingsfactoren (buitentemperatuur,...) kunnen de CO₂-emissies, het verbruik en/of de autonomie beïnvloeden. De WLTP-waarden zijn bijgevolg geen 100% correct weergave, en uw waarden kunnen bijgevolg (soms sterk) verschillen van de gemeten WLTP-waarden. De verkopende concessiehouder en Ford wijzen elke aansprakelijkheid hieromtrent af. Milieu-informatie (KB 19/03/2004): www.nl.ford.be/milieu.

Brandstofverbruik, CO₂-uitstoot en (elektrisch) rijbereik/actieradius van het voertuig worden gemeten en gehomologeerd conform WLTP. Optionele uitrustingen, de rijstijl, de verkeersomstandigheden of omgevingsfactoren (buitentemperatuur,...) kunnen de CO₂-emissies, het verbruik en/of de autonomie beïnvloeden. De WLTP-waarden zijn bijgevolg geen 100% correct weergave, en uw waarden kunnen bijgevolg (soms sterk) verschillen van de gemeten WLTP-waarden. De verkopende concessiehouder en Ford wijzen elke aansprakelijkheid hieromtrent af.
