## LIFE SHOULD BE **EASY**

With a bold new exterior design, the EcoSport always looks ready for action. That's because it is.

**New front end. Same attitude.** EcoSport's refreshed grille, hood, and headlamps are sportier than ever.

**The 17-inch alloy wheels** do more than just look great. They're lightweight and extra-strong, too.

**No more fumbling for your keys.** With your key fob on you, simply open the door-it unlocks automatically. Press the START/STOP button to start the engine, and you're away.

**Even the lights are smart.** EcoSport Titanium's headlamps sense when it's dark outside, and turn on automatically.

**Senses rain, too.** A sensor behind the rear-view mirror can detect moisture on the windshield. If it does, the wipers start automatically.

**Instant sunshine and fresh air.** With a touch of a button, EcoSport's Power Sunroof brings the outside world in.

# IN TUNE WITH YOUR CITY

The enhanced SYNC®3<sup>1</sup> system on the EcoSport Titanium puts the city at your fingertips.

**Keep your hands on the wheel**, and your eyes on the road. Use simple voice commands to make calls, listen to text messages, and play your favorite music.

**Integrate your smartphone** with SYNC®3<sup>1</sup> for hands-free control of your favorite apps via Apple CarPlay<sup>2</sup>, Android Auto<sup>2</sup> or AppLink® 3.0.<sup>3</sup>

**The 8-inch touchscreen** on the EcoSport Titanium is smarter than ever, with a redesigned interface and intuitive smartphone-like actions, such as swipe and pinch-to-zoom.

**Parking is a cinch** with a rearview camera that turns on when you shift into reverse.

<sup>1</sup>Not all SYNC®3 features are compatible with all phones. <sup>2</sup>Apple CarPlay is a trademark of Apple Inc and Android™ is a trademark of Google Inc. Apple CarPlay and Android Auto require phones with compatible versions of Apple iOS and Android™ respectively, active data service and genuine USB cable (available separately). Message and data rates may apply. SYNC® does not control Apple CarPlay or Android Auto while in use; Apple Inc and Android™ respectively are responsible for their functionality. <sup>3</sup>Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Users must download an Applink-enabled app from the usual store to your iOS or Android smartphone. Requires phone to be connected to SYNC®3 with a genuine USB cable (Apple devices) or Bluetooth® (Android devices).
